Login Page

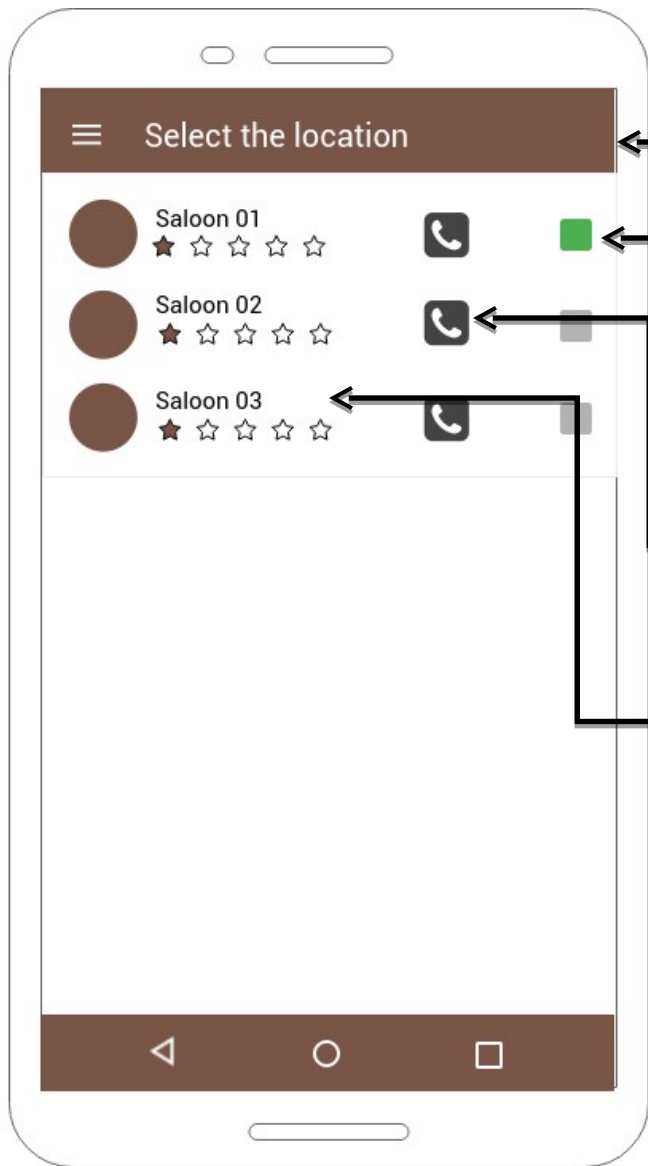

A mobile application login screen mockup. The screen is white with a thin grey border. At the top, there are two small horizontal bars representing the status bar. In the center, there are two text input fields: the top one is labeled "Username" and the bottom one is labeled "Password". Below the "Password" field, there is a teal-colored button with the text "Login" in white. To the right of the "Login" button, there is a link labeled "signup" in a dark blue color. At the bottom of the screen, there is a single horizontal bar representing the home indicator.

Customer can select the **location**.

Customer can look for the saloon with **vacant** slots.(one with green indication)

Customer can **call** directly for appointment

Customer can click on the saloon for details of the **services** it provides

The image shows a mobile application interface for a saloon named 'Saloon 01'. At the top, there is a header with a menu icon and the text 'Saloon 01'. Below the header, there are five slots labeled 'Slot 1' through 'Slot 5'. Slots 1 and 2 are green, indicating they are available, while Slots 3, 4, and 5 are brown, indicating they are not available. Below the slots, there is a list of services with their prices and checkboxes for selection:

Service	Price	Selected
Facial	₹ 200	<input checked="" type="checkbox"/>
Hair Colouring	₹ 100	<input type="checkbox"/>
Hairstyling	₹ 250	<input checked="" type="checkbox"/>

Below the service list, there is a 'Total' row showing a price of ₹ 450. Underneath that, there is a row for 'Athywa's Price' showing a price of ₹ 405. At the bottom of the interface, there is a green button labeled 'Request for the appointment'.

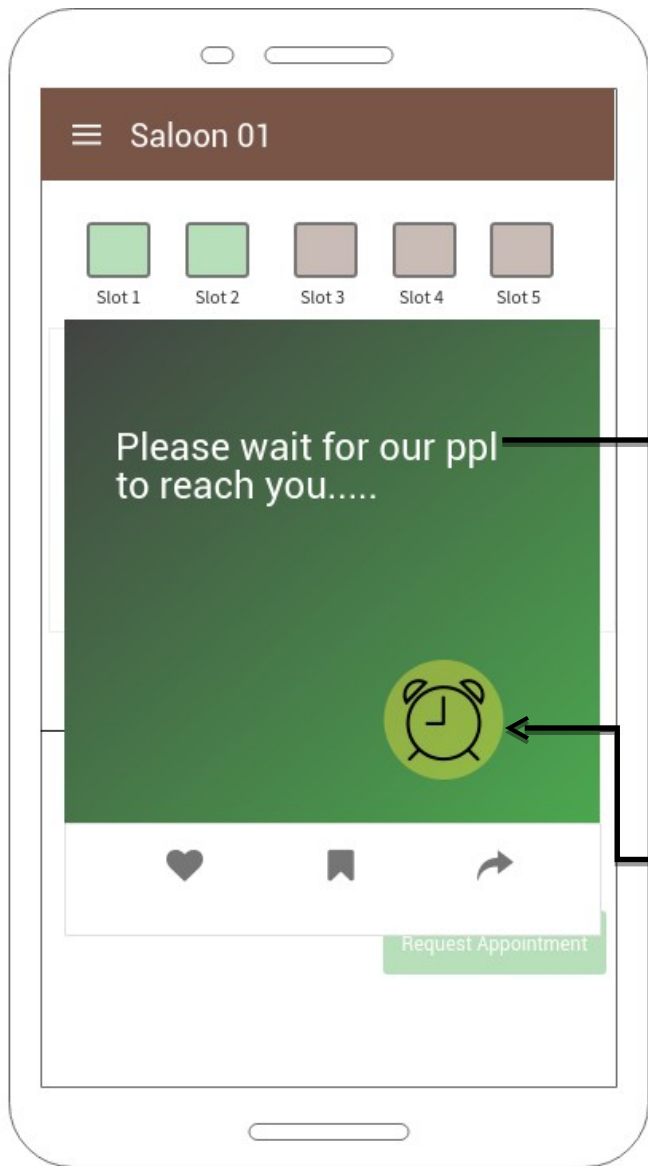

Can look at the **available slots** in green.

Can check the box against the **service** they need.

Can have an **Estimate** of the charges.

Can avail Athywa's **discount**.

Can finally request for the **appointment**.

Once the customer requests the appointment.

Now its on **saloon** to take the **lead** of the opportunity.
The manager should call the customer and **invite** him for the service.

Counter for the saloon to respond to the customers request (90-120 seconds).
